

Patents

Patents 1 - 10 on records identifiers. (3.68 seconds)

System and methods for searching and matching databases

US Pat. 6026398 - Filed Oct 16, 1997 - iMarket, Incorporated

Each index entry also contains references to any database **records** that contain
... many database record **identifiers** which are then statistically tested, ...

System and method for providing a high level language for mapping and accessing objects in data ...

US Pat. 6061515 - Filed May 30, 1997 - International Business Machines Corporation

In addition, the network data model provides record **identifiers** and link fields
which may be used to connect **records** together for fast direct access. ...

Apparatus and method for selecting records from a computer database by repeatedly displaying ...

US Pat. 5768581 - Filed May 7, 1996

Likewise, the remaining list **identifiers**, can be selected in any order desired
by the user, 35 or not selected at all. To reduce the subset of **records**, ...

MIB database and generic popup window architecture

US Pat. 5684988 - Filed Jul 22, 1994 - Bay Networks, Inc.

The various database **records**, intermediate database **records**, and links stored in
database 400 are described below in Table 1. NO. NAME 202 Agent **identifiers** ...

Method and apparatus for monitoring file transfers and logical connections in a computer network

US Pat. 5862335 - Filed Apr 1, 1993 - Intel Corp.

... including a pair of transport entity **identifiers**, the computer network including
a connection record database having a second multiplicity of **records**, ...

Method and apparatus for providing an interactive guide to events available on an information ...

US Pat. 5801753 - Filed Aug 11, 1995 - General Instrument Corporation of Delaware

... interest Title and description **records** are transmitted separately so mat title
... schedule **records** containing title and description record **identifiers** ...

Method and apparatus for implementing user feedback

US Pat. 5537618 - Filed Dec 22, 1994 - DiaCom Technologies, Inc.

... to the attribute **identifiers** and attribute categories that are displayed, ...
distribution of feedback **records** having indicated attribute **identifiers** ...

Method and apparatus for task scheduling across multiple execution sessions

US Pat. 5902352 - Filed Aug 11, 1997 - Intel Corporation

... of the checkpoint **identifiers** associated with each application process based on
... Thus, multiple checkpoint **records** can be associated with the process ...

Methods and apparatus for updating information in a computer system using logs and state identifiers

US Pat. 5485608 - Filed Apr 14, 1994 - Oracle Corporation

First, redo recovery can safely ignore **records** that precede the safe point ...

Second, the "ignored" **records** can be truncated from the RLOG because they are ...

Method and system for dynamically controlling the content of a local receiver data base from a ...

US Pat. 4745559 - Filed Dec 27, 1985 - Reuters Limited

In addition to dropping the **records** associated with this template number, ...

one or more field **identifiers** or fids, or one or more set **identifiers** or sids, ...

Patents

Patents 21 - 30 on **records identifiers**. (1.91 seconds)

Run-time dynamically adaptive computer process for facilitating communication between computer ...

US Pat. 5619685 - Filed Nov 4, 1994 - Ball Corporation

That is, the mapping allows the interface to pick apart **records** on the master side of the ... information and include keywords, punctuation and **identifiers**. ...

Flexible SNMP trap mechanism

US Pat. 6182157 - Filed Sep 19, 1996 - Compaq Computer Corporation

The 25 thresholds are defined in **records**, one threshold record per ... (3) Note that the object **identifiers** specified above for ...

Dynamic classification of sections of software

US Pat. 6381735 - Filed Nov 20, 1998 - Microsoft Corporation

... the second sequence of recorded component **identifiers** and function **identifiers**.

... wherein for a function in use the system stack **records** a function ...

Financial management system

US Pat. 5220500 - Filed Sep 19, 1989 - Batterymarch Investment System

Like the data table 305, the entity table has a sequence of **records** 450. ...

In this way, the **identifiers** for entities need only be unique within a ...

Relia process: integrated relational object unit identification and location addressing processes

US Pat. 5630072 - Filed Aug 30, 1994

... transactions) to supplement the Object Unit Unique **Identifiers** (or ...

Matriarch **Records** of the Guardian Object Units as a user aid to verify a location ...

Bidirectional database replication scheme for controlling ping-ponging

US Pat. 6122630 - Filed Jun 8, 1999 - ITI, Inc.

3 are required because the **records** in the audit trail already contain all ...

B which illustrates the concept of storing processor **identifiers** appended to ...

Shielding field method and apparatus

US Pat. 5253162 - Filed May 17, 1990 - AT/COMM, Incorporated

... to gather toll collection data including vehicle- 10 class-**identifiers**, ...

The TTM generates Traffic **Records** by summarizing relevant data from each ...

Open architecture cardiology information system

US Pat. 6004276 - Filed Mar 3, 1997 - Quinton Instrument Company

The false generated MRN is repeatable, and all other masked **records** for the ...

Below the header line, data event time **identifiers** for peak exercise and ...

Data integration by object management

US Pat. 5634124 - Filed May 25, 1995 - Wang Laboratories, Inc.

... and direction of links is not hierarchically one or more object **records** 360.

... including object **identifiers** 362, object type so object's data into a ...

Method and system for the verification of handwritten signatures

US Pat. 5647017 - Filed May 9, 1996 - Peripheral Vision Ltd.

Thus it is possible for the application using these ent **identifiers** to ...

other application support the conversion of template **records** into an can use to ...
